I _____ (parent/guardian) of _____ (camper)
give permission for _____ (camper) to walk or ride their bike to and from
_____ camp.

To alleviate traffic at the camp site, your camper will be released after pick-up.

We hope to see your child each day of the camp session. However, if he/she will be absent, we ask that you contact the park district office at 847-945-0650 or e-mail the camp directly using the e-mail provided in the camp manual prior to **8:30 am**. If you know in advance that your child will be absent, please notify the site director by sending a signed note including days and dates your child will not be at camp.

We will only be verifying absences with phone calls for walkers and riders. Please provide five contact numbers to try in the event your child does not arrive at camp. If we do not speak with someone at the numbers below, our sixth call will be to the Deerfield Police Department to help us in ascertaining your child's whereabouts and safety.
